Construction Will Limit Parking at Memorial Auditorium

Wichita Falls, Texas – A construction project at City Hall/Memorial Auditorium will limit parking near the Utilities Collections Office.

A fence blocking off areas of the parking lot just outside of the Utilities Collection Office will close down the driveway that leads to the drive-thru kiosk. Customers may park in the limited open spaces and walk to the kiosk to make a payment.

The building remains open and payments can be taken inside at the Utilities Collection Counter Monday through Friday during regular business hours.

Thank you for your patience. For more information please call Utilities Collections at (940) 761-7414.
